#### THE MARKETS.

**Stocks a Little More Active—Prices**

**Weak—When Active at Lower Prices.**

**NEW YORK.** May 29.—The stock market has been a little more active today. Prices were somewhat irregular, but taking the day as a whole were weak. In the afternoon the market became very dull with a drooping tendency, but without any decided break, which continued until 1 o'clock, when the prices again yielded. The decline was checked shortly before 3 o'clock, and the market closed steady on a rally of 1 to 1 per cent. from the lowest quotations of the day.

Money on call continues easy at 1 to 1½ per cent., closing at 1. Foreign exchange is extremely dull at unchanged quotations. Government bonds have been quiet and steady at unchanged quotations. Quotations for state bonds are irregular, some of the Tennessee, Virginian, and Ohio showings declining in prices bid of 2 to 5 per cent., while the Alabama, Georgia, and South Carolina bonds are higher. The market is very little business done of the exchanges.

Treasury balances: Gold, \$145,191,100; currency, \$25,532.
